Patrick Harden

Web Developer

Hey, I'm a web developer who specializes in react, wordpress, laravel, and can build some of the fastest websites on the internet.

Work Experience

React Developer
Imaginuity
January 2019 - March 2019

As a contractor, I handled developing react/wordpress applications for shopping malls. I introduced new react-static/wordpress framework which can be seen at https://halycon.netlify.com/ . This framework produces the fastest wordpress websites on the internet and incorporates features such as modular website building, gravity forms, and feature rich customization
